# Success Stories

Ethanol Plant, Safety Audit & Solutions

*One Contractor. One Team. Done Right.*

**We Don't Just Install Equipment—We Deliver Solutions.**

## Applications

An Ethanol plant was having issues with various safety related items at their location. Wells Brothers Inc. performed a safety walk thru audit with the plant engineer helping to identify various safety issues and then proposed solutions.

Safety Gate Around Motor

## Solution Provided

- Wells Brothers Inc. helped to identify over 50 areas for improvement. WBI engineering then designed, fabricated and installed the various solutions.
- Created a safety matrix with improvements and corrective action for future safety audits.

Guarding Around Motor Shaft

## Long Term Outcome

- Plant has now identified and corrected some serious safety issues
- Much safer environment for employees
- Wells Brothers Inc. obtained two new long-term customers for future projects

Safety Cross Over for Auger Conveyor
