Pneumatic Delivery System

One Contractor. One Team. Done Right.

We Don't Just Install Equipment—We Deliver Solutions.

Applications

A Plastics Extrusion Company needed to upgrade their resin delivery system. They needed a 7 station resin delivery system that could draw from 13 different silos.

Solution Provided

Working jointly with the customer and Protech Systems, a new system was designed using Mac Equipment including blowers, hoppers, cyclones, and a new but simple fail-safe control system.

The system was installed over a three week period minimizing downtime.

Long Term Goals

The system was installed over a three week period minimizing downtime.

The customer has seen significant improvement over the previous resin delivery system that was replaced.

Your Project. Our Expertise. One Call Does It All.

Thank you for your time!

Contact us for your next project. We'd love to send one of our very skilled and dedicated supervisors your way.
